

O'Live Weightlifting Platform

O'Live weightlifting platform for explosive Olympic lifting movements, including deadlifts and snatches, in specialist training facilities.

Product description:

This O'Live weightlifting platform combines wood and rubber for heavy strength training. It provides a stable lifting surface while helping protect the floor. The central section is solid oak finished with five coats of lacquer, surrounded by heavy-duty rubber and a steel perimeter frame. Suitable for professional gyms. Features 30 mm thick rubber and a solid oak centre.
