Pull Up Bar O'Live

32 mm diameter bar to hang on the wall and perform push-ups.

Product description:

The **O'Live Fitness**pull-up bar is a solid black textured steel construction with a maximum capacity of 500 kg. It can be connected to the extension (**ref: EN51700**) to create an integrated line for multiple users.

The pull-up bar needs a wall to allow a strong joint of the set.

Made in Spain.
