Gym Mat: EVA Rubber Mat for Unmatched Comfort

Elevate your workout experience with our Gym Mat, an EVA rubber mat designed for comfort, strength and versatility in every movement. Whether it's for functional training, targeted activities, pilates, yoga or any other type of workout. This mat is your ideal companion.

Waterproof and non-slip:

Its waterproof surface makes it water resistant and won't absorb a drop of sweat. In addition, the mat is non-slip, providing the necessary stability during your workout.

Extra Padding for Maximum Comfort:

Experience unparalleled support with the extra padding of our mat. Designed to support elbows, back, buttocks and knees, it gives you the comfort you need to prolong your workouts.

Perfect for All Types of Training:

From fitness to yoga, this mat is perfect for any workout routine. Its grommets make it easy to store, allowing you to keep your space tidy and

organized.

Durability and Versatility in Every Detail

The Gymnastics Mat stands out for its exceptional durability and versatility.

Made of high quality EVA Foam:

The mat is made of EVA foam, offering excellent durability properties. It resists wear and tear even in the most intense workouts.

Ideal Sizes and Thickness:

Its all-terrain design makes it versatile for any type of use. Carefully selected sizes and thicknesses provide the perfect balance between comfort and stability.

Smooth Bottom and Rough Top:

To ensure maximum grip, the bottom side is smooth, while the top side is rough to prevent slipping during your workouts.

In short, our Gym Mat redefines your workout sessions by providing you with a comfortable, water-resistant and versatile base. Take advantage of every movement and take your performance to the next level.
