Align-Pilates Curved Reformer Case

Curved case for Align-Pilates Reformer, designed to improve comfort in pronation and supination exercises. Optimizes alignment and reduces stress on the spine.

Product description:

Align-Pilates Reformer Box Comfort and Support for Pilates Exercises

The **Align-Pilates Reformer Box** is an innovative tool designed to improve the comfort and effectiveness of exercises on the Reformer. With a curved shape specially designed to adapt to the biocompatibility of the spine, this box allows you to perform seated exercises in both pronation and supination in a more natural and comfortable way. Ideal for Pilates training, it provides adequate support during movements, improving alignment and reducing back strain. Manufactured with high quality materials, the **Align-Pilates Reformer Box** is perfect for studios and users looking to optimize their Pilates practice.
