
Body Bar O'Live,2 Kg

High quality foam covered bar for a soft, safe and comfortable feel. Various weights available.

Product description:

Steel bars, covered with high quality foam for a softer feel and for a secure and comfortable grip. Versatility allows for a wide variety of exercises. Used for all types of strength conditioning and functional training. Easier to use than standard disc bars. Each weight has a different color. The square design of the caps prevents unintentional displacement on the floor of the bars. Five weights available. Measurements Length 120cm

Weight: 2 kg
