

O'Live Fitness Ball Storage Shelf, 1.1 m

O'Live Fitness Ball Storage Shelf, 1.1 m

Organise your training area with the O'Live Fitness ball storage shelf. It fits between the uprights of compatible modular storage units, racks and functional training stations, keeping exercise balls tidy and easy to reach.

Product description:

The range offers 1.1 m and 1.7 m versions for storing different training balls, including medicine balls from 4 kg and fitness balls. This product is the 1.1 m model.

Dimensions: 1100 × 330 × 145 mm. Check compatibility with your storage structure before installation.

Keep balls off the floor and free up valuable space in your gym or functional training area.
