Extension module 1.7 m FCS O'live Basic Plus

Extend your station with the FCS O'Live Basic Plus module. Designed by O'Live Fitness, high quality station for professional gyms.

Product description:

Outstanding features:

- **Modular Versatility:** 1.7 m wide extension to attach to the base module ES18701.01.
- **Simple Installation:** Robust, functional and easy-to-install design, ideal for any training environment.
- **Unmatched Stability:** 80x80x3mm columns ensure superior rigidity and stability. Bars suitable for pull-ups, with a diameter of 32 mm and a thickness of 3 mm.
- **Generous Dimensions:** Width of 1.7 m, total depth of 194 cm and height of 270 cm, providing ample space for your routines.
- **Elegant Design:** RAL 9005 textured black finish, which adds a modern and sophisticated touch to your gym.
- **Secure Fixing:** Must be fixed to the floor or wall, includes standard screws. Consult for details.
- **Available Accessories:** Wide range of accessories to expand the training options for your users.

- **Athlete Friendly:** 1.1 m is the ideal distance from the module to attach weightlifting bars.

Another extension is available:

- **FCS O'live Basic Extension, Short (ES18801.01)**: 2 pillars in 1.1 x 1.7m format
