

## Column Rack Multiple with Foot O'Live Fitness 110 cm

### **Modular Column Rack Multiple with Foot 80x80x1100 mm Versatility and Resistance for your Workouts**

Discover the **Modular Column Rack Multiple with Foot 80x80x1100 mm**, the perfect complement to optimize your training space. With a height of 1.1 meters and dimensions of 650 x 100 x 1100 mm, this column is designed to support up to 2 shelves of the same width, allowing you to customize and maximize your storage and exercise area.

#### **Product description:**

Thanks to its innovative design, you can screw the shelves every 10 cm, adapting them to your specific needs. In addition, the MaxFlex Modular Column offers you the possibility of attaching storage accessories on its outer side, such as:

- **Battling Rope Holder:** Keep your ropes always at hand and organized.
- **Core Trainer:** Make your core training routines easier with an essential accessory.
- **Mat Hanger:** Save space and keep your mats neat and accessible.

Ideal for transforming your gym or training space with the **Modular Column**. Its sturdiness, versatility and practical design make it the ideal choice for athletes and fitness enthusiasts.
