Rack for Dumbbells Pro-Style of 5 Pairs

Pro-Style storage rack: organize your dumbbells with style and safety. Made of high quality oval tube, ideal for keeping your weights always at hand.

Product description:

Holding up to **5 pairs of dumbbells**, this rack is the perfect choice for maximizing space in your workout area. The plastic seats ensure that each dumbbell is positioned correctly, protecting both the rack and the equipment from damage. In addition, its compact and modern design fits perfectly in any gym, whether at home or in a professional facility.

Thanks to its sturdy and resistant structure, you'll forget about clutter and can focus on what's most important: your performance. This rack helps you keep your training area clear of obstacles, improving safety and making it easier to access your dumbbells every time you train.

Don't let clutter affect your workout routine. **Organize your space efficiently** and add this rack to your equipment today, order now and take your workout to the next level!
