

Half Rack Elite with Trays O'Live Fitness

Half Rack Elite with Trays O'Live Fitness: **136 x 165 x 246 cm** rack with safety trays, ideal for **professional gyms** and intensive workouts.

Product description:

Half Rack Elite with Trays O'Live Fitness (136 x 165 x 246 cm) High-performance rack with safety trays for professional training

The **Half Rack Elite with Trays O'Live Fitness** (136 x 165 x 246 cm) is a high performance training station, designed for **professional gyms** and demanding home users. With a sturdy structure made of **80 x 80 mm** columns and a thickness of **3 mm**, this rack guarantees maximum stability and durability. Safety trays, included in the design, provide additional protection during heavy lifting, preventing accidental falls from the bar. Coated with textured black epoxy paint, the **Half Rack Elite** is wear-resistant and suitable for intensive training. Its modular design allows for the addition of accessories from **O'Live Fitness** to customize your station to your needs. Ideal for those looking for a versatile and safe training station.

Note: j-cups are not included in the image.
