
Half Rack Elite Double O'Live

Half Rack Elite Double O'Live: robust station of **136x432x246 cm**, made in Spain and customizable with **training accessories O'Live**.

Product description:

Half Rack Elite Double O'Live (136x432x246 cm) Robust and versatile station for professional training

The **Half Rack Élite Double O'Live** (136x432x246 cm) is a training station manufactured with **80x80 mm** side columns and **3 mm thick**, designed to offer robustness and functionality. It incorporates multiple anchor points and laser-cut numbers, facilitating the placement of bar supports and safety systems. Constructed with iron coated in textured black epoxy paint, it guarantees **resistance to wear and durability**. Made in Spain, this rack can be customized with various **training accessories O'Live** to fit any routine. **Note:** the j-cups visible in the image are not included.
