

Elite Rack Station O'Live Fitness

Rack Élite Station O'Live Fitness: **136x512x246 cm** station, made in Spain and customizable with **training accessories O'Live**.

Product description:

Elite Rack Station O'Live Fitness (136x512x246 cm) Professional and resistant station for demanding workouts

The **Elite Rack Station O'Live Fitness** (136x512x246 cm) is a structure designed for high performance workouts, manufactured with **80x80 mm** columns and **3 mm thick**. It includes multiple anchor points and laser-cut numbers, facilitating the installation of bar supports and safety systems. Made of iron coated with textured black epoxy paint, it ensures **resistance to wear and tear** and long durability. This rack is manufactured in Spain and can be customized with a wide range of **accessories O'Live** to suit any type of training. **Note:** the j-cups visible in the image are not included.
