

Half Rack with Trays O'Live

Half Rack with Trays O'Live: **136 x 165 x 246 cm** rack with safety trays, ideal for **home gyms** or **professional gyms**.

Product description:

Half Rack with Trays O'Live (136 x 165 x 246 cm) Sturdy Training Rack with Safety Trays

The **Half Rack with Trays O'Live** (136 x 165 x 246 cm) is a high quality training station, ideal for **home gyms** or **professional gyms**. Manufactured with **80 x 80 mm** side columns and **3 mm thick**, this rack is extremely sturdy and offers maximum stability. The included safety trays provide additional protection during the most intense workouts, preventing accidental falls from the bar. Its modular structure allows you to add accessories from **O'Live** to customize your station according to your needs. Coated with textured black epoxy paint, the **Half Rack O'Live** is resistant to wear and tear, ensuring a long service life. Ideal for weight lifting and strength training exercises.

Note: j-cups are not included in the picture.
