O'Live Fitness Safety Spotter Arms (Pair)

Support your strength training with O'Live Pro safety spotter arms. Made from robust materials with a protective coating, these rack accessories are designed to help catch the barbell during demanding lifting sessions.

Product description:

Quick and easy to install, O'Live Pro safety spotter arms provide additional support for heavy strength training. Their sturdy design makes them a practical accessory for a compatible power rack or squat rack. Use them to support your barbell training setup and protect contact surfaces with their quality protective coating. Supplied as a pair, ready to complement your gym equipment. Check rack compatibility before installation and follow the equipment's load limits and operating instructions.
